**Melt with pleasure with this gourmet formula, extra rich & very moisturizing, that reminds you of the texture of fresh butter!**

This butter texture offers a silicone-like skin feel with a gliding effect and an improved spreading thanks to **SEPIPLUS™ 265** behavior in cream-gels.

(Ammonium Acrylate/Acrylamide Copolymer - Polyisobutene Polysorbate 20)

**LANOL P** provides the consistency to obtain a butter-textured formula without the greasy effect.

(Glycol Palmitate)

**Texturing agent** which **improves the consistency & stability** of the formula, **without any soaping effect**.

**AQUAXYL™** offers good moisturizing properties to the formula.

(Xylitylglucoside - Anhydroxylitol - Xylitol)

**Moisturizes & restructures the skin by harmonizing its hydric flow** (water reserves are boosted, water circulation is improved in all skin layers, water loss is reduced; *in vitro* & *in vivo* proven efficacy). Moreover, it **reduces irritation** induced some surfactants (LESNa...). Its mechanism of action has been validated by **cosmetogenomics**.

**DUB ISIS** is a natural emollient, stable to oxidation and film former.

(Isostearyl isostearate)

**ADDITIONAL INGREDIENTS: INGREDIENTS:** Phenoxyethanol - Ethylhexylglycerin; Euxyl 9010 (SCHÜLKE & MAYR) / Fragrance: Keep Cool Ref RSB628 (TECHNICO FLOR).
