ISO 16128 norm

For a 'Selfie-Ready' skin!

Light & fresh
mattifying serum

A	Aqua/Water	Up to 100%
	SEPINOV™ WEO	1.20%
B	ORAMIX™ CG110	0.50%
	EMOGREEN™ L15	5.00%
	AQUAXYL™	3.00%
	TALADVANCE™	3.00%
C	ASPAR'AGE™	2.00%
	Phenoxyethanol - Ethylhexylglycerin	1.00%
	Fragrance/Perfume	0.05%
D	SEPIFINE™ BB	1.00%

With WESOURCE

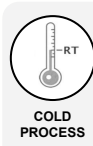

Opaque & Homogeneous Fluids / Packaging: Dropper

pH: 6.0

VISCOSITIES: 1M at RT: 23,700 mPa.s Brookfield LV4-6/
Recovery at RT (after 1M at 45°C): 23,000 mPa.s Brookfield LV4-6.

STABILITY: 3M at RT & 45°C.

FORMULATION ADVICES: Laboratory scale - 200 g - Defloculator
In a beaker introduce phase B, homogenize with the spatula. Add slowly under defloculator phase A. When the cream-gel is homogeneous add one by one all the ingredients phase C then D.

This light & fresh serum combines immediate effect & long term benefits for a "selfie-ready" skin!

This cream-gel texture is thickened & stabilized by **SEPINOV™ WEO**.
(Hydroxyethyl Acrylate / Sodium Acryloyldimethyl Taurate Copolymer)

Universal powder polymer compatible with Ethylene Oxide free formulas. **Versatile** (performs with any type of oil), **thickener** (high viscosities), **efficient with electrolytes**.

A small quantity of **ORAMIX™CG 110** reinforces the formula stability.
(Caprylyl / Capryl Glucoside)

Non-ionic surfactant from vegetable origin. It is particularly used to emulsify & disperse molecules in cream-gels.

For immediate effects, the formula contains **SEPIFINE™ BB**, that provides instant mattifying effect, and **EMOGREEN™ L15**, which contributes to a light, evanescent & powdery skin feel. It also provides a matte finish similarly to that of volatile silicones.

SEPIFINE BB™ (Amylopectin):

A **natural texturizing powder, ethically sourced**, coming from Babassu nut exclusively sourced in Brazil. This **biodegradable powder** provides a **soft & velvety skin finish**.

EMOGREEN™ L15 (C15-19 Alkane) ("Natural & Renewable")

It's THE alternative to silicone oils. Non polar & biodegradable, bio-sourced emollient. This high purity vegetable alkane gives a **fresh & gliding touch**, with a **soft afterfeel**.

ASPAR'AGE™, TALADVANCE™ & AQUAXYL™, a cocktail of three active ingredients that work together to make the skin "selfie-ready":

ASPAR'AGE™ regulates the effect of SMS ("Senescent Messaging Secretome") to protect young cells from contagious aging.

(Aqua/Water - Propanediol - Asparagopsis Armata Extract)

It is combined to **TALADVANCE™**, a *Centella asiatica* extract, that improves skin radiance. (Glycerin - Aqua/Water - Centella Asiatica Leaf Extract)

To finish, **AQUAXYL™** ensures skin moisturization.
(Xylitylglycoside - Anhydroxylitol - Xylitol)

ADDITIONAL INGREDIENTS: Phenoxyethanol - Ethylhexylglycerin: EUXYL PE9010 (SCHÜLKE & MAYR) / Fragrance: PARFUM ORCHIDÉE TROPICALE (APF).
